

EVENPRIME Redemption Instructions & FAQ

Visit www.playspellbreak.com/evenprime to redeem your Barrier Serum code.

Once on the redemption page, enter your name, email, code, platform info, and let us know if you're playing outside of North America.

If your platform isn't available, please check back later as we're continuing to add codes as soon as they're available.

After you enter this info, you'll be given an official code to redeem on your platform of choice. This code can only be used once.

How do I get a code for this cool outfit?

Spellbreak is partnering with EVENPRIME on an exclusive Barrier Serum. Purchase the serum from EVENPRIME and inside the package you'll get a code to redeem for the Twilight Enchantress outfit and player card. You can purchase the [Barrier Serum here](#).

Which code is which?

The code that came with your Barrier Serum is the **Universal Code**. You will exchange this code at <http://www.playspellbreak.com/evenprime> for a **Platform Code** of your choice. You can only exchange one Universal Code for one Platform Code.

I tried to redeem the code on the postcard on PC/Nintendo/PS/Xbox but it doesn't work.

You first need to go to <http://www.playspellbreak.com/evenprime> to input the Universal Code and choose your platform of choice. We want to ensure you get the outfit on your preferred platform.

What if my platform isn't available in the drop down list?

Please check back soon, we're adding more codes rapidly.

I live outside of North America, how can I get a code for Playstation or Nintendo?

International codes take a little longer to process, so until they're available, please [contact our support team](#).
